

RE: FCCHH WEBSITE
6.12.19

The website for the **Florida Center for Coastal and Human Health** is finally live, but as you can see if you poke around, there is still a lot of development that needs to happen. <https://www.fau.edu/hboi/flcchh/>

For our new Board Members, the original grant for \$650,000 began July 1, 2018 and ends June 30, 2019 (\$137,281.12 unspent as of 5/28/19). We turned down a request for a No Cost Extension (NCE) of 9 months on this first grant; the NCE came in after they had received news of the new grant.

We have provided a new grant of \$850,000 which begins July 1, 2019 and ends June 30, 2019. As a reminder, at least 23 Faculty members are receiving salary support under this grant. This is on top of their 20% salary support and any salary allocations they received from any other Discretionary Grants and SLP Grants.

From Dr. Amy Wright:

The website has most parts...it still needs more tweaking....but we did finally get something up and live.
Some people still haven't sent anything in – and I have chased after them...and I guess I need to do it some more...I have been really busy the last couple of months....
We also need to get more pictures up on the site. In Year 2, Brandon Henry and Gabby will be assisting with the website...so I think it will begin to look much better....

I have respectfully asked her help to please ensure that all publications, the website, .ppt presentations, etc., appropriately acknowledge the Foundation as the founding and continuing funder of the FCCHH. This has not been the case, most especially in Jim Sullivan's March presentation to the FAU Board of Trustees.

Amy has agreed to using the following:

Founding as well as ongoing funding for the FCCHH is provided by the Harbor Branch Oceanographic Institute Foundation.
